Find out how candidates in your area responded to questions about their platforms on Education.

Questions to Consider Asking Candidates

1. How has your political party strengthened the public education system in Ontario?
2. In your party's election policy platform , what commitments are in place to strengthen the public education system in Ontario?
3. Do you believe more work needs to be done on violence prevention in schools? What has your political party committed to doing in the future?
4. How will your party revise the education funding formula to ensure that school boards receive full and adequate funding to meet student needs?
